SYLLABUS & CALENDAR REVIEW

I have reviewed the Syllabus and Course calendar for APAH.

I understand that this is a document in progress and I will need to check the APAH website periodically for updates. Flexibility is a guiding principle of the design of the course.

Grading values and percentages in the syllabus are approximate and are not meant to be illustrative of exact values.

Personal connection to artworks and art historical methods are a central focus of the course, not the drilling of facts and thousands of images.

A major focus of the course is preparation for success on the AP College Board Art History exam. We will discuss, critique, and practice the specific writing styles for the APAH Exam.

If you or your parents/guardians ever have a question please feel free to reach out to me via email: vthearle@pinerichland.org
