November 25, 2019
Message from Superintendent

Greetings to Pine-Richland Students, Parents and Community,

On behalf of the entire district, we wish all of our students, parents and staff a Happy Thanksgiving. We are fortunate to live and work in a community that values education. The recent parent-teacher conferences provided the opportunity to have thousands of conversations about student learning. We want to keep the lines of communication open between home and school as the year progresses.

The “image” to the right was “snipped” from our district vision and illustrates this important concept of teamwork and collaboration to support the best possible educational environment. Finally, we want to thank our students, staff and families for the community service and charitable donations to so many different organizations and people at this time of year. Thank you.

The 2019 Academic Achievement and Growth Report was presented to the community on November 18, 2019. This annual report and presentation summarize student learning results for a series of standardized tests (e.g., PSSA, Keystone Exams, SAT, ACT, and Advanced Placement). Read more about that and the district’s strategic approach to the topic of school safety and security.
