Return-to-School Continuum*

“Old Days”

Schools operate as they did on and before March 13, 2020.

Traditional with Significant Restrictions

Restrictions could include limiting the number of students in a class; alternative transportation options; staggered schedules, etc.

100% Virtual All

All students are learning remotely from home.

Traditional with Some Restrictions

Restrictions could include spacing of desks in classrooms; direction signs in hallways; table and seating spacing in cafeterias; etc.

Dynamic Hybrid Between Traditional and Virtual

A combination of traditional with significant restrictions and virtual instruction for some.

***We must expect – and not be surprised – by shifts between “H” and “V.” These shifts could happen for classroom(s), building(s) or the district. These shifts could range from days to weeks.**
