

# Counselor Information Day 2019

## Mission

Pennsylvania's State System of Higher Education (PASSHE) was established by statute on July 1, 1983, although the 14 universities that comprise the state system have a much longer history dating back to the 19<sup>th</sup> century.

The universities combine to enroll the largest number of Pennsylvania residents among all four-year colleges and universities in the Commonwealth. With nearly 100,000 degree-seeking students and thousands more enrolled in certificate and other career-development programs, the state system is a vital contributor to the Pennsylvania economy. Collectively, PASSHE universities offer more than 2,300 degree and certificate programs in more than 530 academic areas. The universities have nearly 800,000 living alumni, the vast majority of whom reside in Pennsylvania.

PASSHE is undertaking a system redesign, which began last year with a top-to-bottom review of the universities and the Office of the Chancellor. As a result of that review, the board established three priorities:

- ensuring student success,
- leveraging the universities' strengths and
- transforming the system's governance structure.

The board also affirmed its commitment to ensuring the long-term sustainability of all 14 institutions within the system so that each may continue to serve students, its region and the Commonwealth.

## History

The state universities spent the first 100 years of existence training teachers for Pennsylvania's schools. The Normal School Act of 1857 established regional teacher training institutions throughout the Commonwealth. The School Code of 1911 called for the state purchase of all normal schools, and, by 1921, the current configuration of 14 state-owned universities was established. The 14 schools evolved from state normal schools, to state teachers colleges, to state colleges. On November 12, 1982, Act 188 was signed into law establishing on July 1, 1983, the Pennsylvania State System of Higher Education.

## The 14 State Universities

The universities are situated in rural, suburban and small-town settings throughout Pennsylvania, in the communities of Bloomsburg, California, Cheyney, Clarion, East Stroudsburg, Edinboro, Indiana, Kutztown, Lock Haven, Mansfield, Millersville, Shippensburg, Slippery Rock and West Chester. The four branch campuses are in Oil City (Clarion), Kittanning and Punxsutawney (Indiana) and Clearfield (Lock Haven). The Office of the Chancellor is situated in the capital city of Harrisburg at the Dixon University Center.

## Costs

Average tuition and mandatory fees:

2018-19	\$10,747 (most common)
---------	------------------------

Average tuition, fees, room and board:

2018-19	\$21,682 (most common)
---------	------------------------

## Academic Programs

Universities in the Pennsylvania State System of Higher Education provide a wide range of associate, bachelor's, master's and doctoral degree programs, offering teacher, administrator and supervisory certificates, as well as a range of lifelong learning opportunities.

More than 250 degree and certificate programs in more than 120 areas of study are offered. Prerequisite coursework and counseling are afforded students planning to enter professional schools for engineering, health-related sciences and law.

## Current students and Alumni

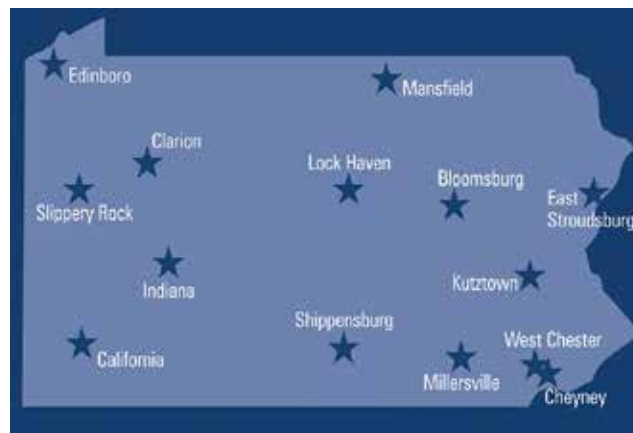

PASSHE is the largest provider of higher education in the Commonwealth, enrolling more than 100,000 degree-seeking students and thousands more in certificate and other career-development programs. Collectively, the universities that comprise our state system offer more than 2,300 degree and certificate programs in more than 530 academic areas. Nearly 520,000 state system university alumni live in Pennsylvania.

 Average GPA -

CAMPUS UPDATES: Karen and Tom Rutledge '77 recently founded the Rutledge Institute for Early Childhood Education. The institute provides high-quality preschool education with an innovative curriculum that focuses on learning experiences in (STREAM). Only 10 highly academic candidates are selected for this program and each Rutledge Scholar receives an annual scholarship that covers the cost of tuition, academic fees and on-campus housing. Cal U has also become a proud member of Advanced Robotics for Manufacturing (ARM). Launched by CMU in 2017, Cal U is the only member in the PASSHE system. ARM will provide access to funding and supportive systems to enhance the university's connections with manufacturers in the area.

## Undergraduate Majors:

 Average GPA - 3.27

CAMPUS UPDATES: IUP opened its Center for Multicultural Student Leadership and Engagement in spring 2018. It recently completed its \$37 million campus dining program, which offers new facilities and venues. The 2018-2019 academic year is "The Year of Free Speech" at IUP, with programs designed to provoke thought and discussion on this important topic. A new science building is in the planning stages with occupancy planned for 2022. IUP welcomed the sixth cohort of Sutton Scholars to campus in the fall of 2018. Sutton Scholars can receive up to \$2,000 each year for study. For consideration, students must live in Pennsylvania and have a minimum 1100 SAT score and minimum 3.25 GPA. IUP is proud of a better-than 90 percent retention rate for this group of outstanding students.

\*The IUP Academy of Culinary Arts requires a separate application for admission. Please refer to [www.iup.edu/culinary](http://www.iup.edu/culinary) or call 800-438-6424.

\*\*Requires completion of graduate-level certification to earn the special education certificate.

IUP consists of six academic colleges which house each of the majors according to subject. Each offers a unique experience and approach while maintaining a high level of excellence:

- Eberly College of Business and Information Technology
- College of Education and Educational Technology
- College of Fine Arts
- College of Health and Human Services
- College of Humanities and Social Sciences
- Kopchick College of Natural Sciences and Mathematics

In fall 2018, IUP opened its University College, which is designed to help first-year students work toward a degree while also getting a taste of the possibilities they have in terms of majors and programs of study. It's designed for students who are unsure of a major or need support in various ways in achieving their academic goals.

Due to the ever-changing nature of the university, majors offered may be modified throughout the course of the academic year. Provisions will be made for students currently enrolled, and the IUP Office of Admissions will contact affected prospective students with necessary updates.

Nanotechnology

ACCEPTED/ENROLLED STUDENTS: Average SAT Score - 960  
Average ACT Score - 18  
Average GPA - 3.3

CAMPUS UPDATES: Lock Haven University welcomed its 15th president, Mr. Robert Pignatello, on July 1, 2018; University Commons/Beautification project complete - includes additional green space for activities, extensive landscaping, pavilions with food service area and amphitheater; Woolridge Hall (traditional residence hall) renovations complete - includes updates to heating, lobby area and restrooms; Smith Hall (traditional residence hall) is currently undergoing renovations and should be complete by summer 2019. Two additional athletic teams being added for the Lady Bald Eagles (Division II) - tennis and golf. Students wishing to live with a pet in on-campus housing now can have both by choosing to live in North Hall, the Pet-Friendly Residence Hall. Gender Inclusive housing is also available in a variety of halls on campus for students who do not prefer single-gender options.

TOP 5 MOST POPULAR MAJORS: Biology, Music, Nursing, Psychology, Education

TOP 5 MOST UNIQUE MAJORS: Athletic Training, Pharmaceutical Product Development, Public Health: Health Promotions, Actuarial Science, Nutrition

ACCEPTED/ENROLLED STUDENTS:	Average SAT Score - 1120
	Average ACT Score - 23
	Average GPA - 3.43

CAMPUS UPDATES: Continued installation of one of the largest geothermal cooling and heating systems in the country. Once completed, this state-of-the-art system will provide natural temperature control for each of the academic, student support services and residence hall buildings on campus. Commons Hall will be opening in 2020.

## **Undergraduate Majors:**

Accounting (B.S.)  
Air Force ROTC (Aerospace Studies)  
Army ROTC (Military Science)  
Anthropology (B.A.)  
Biochemistry (B.S.)  
Biology (B.S.)  
    Cell and Molecular General
